

Dear Friends of Project HOPE,

How our world has changed over these last months! With it, so has Project HOPE.

In the past, we would stock pantries through volunteers who shop, collect goods, deliver them to the pantry and sort them for subsequent distribution. This system, of course, is currently not possible.

Amidst all this suffering, we have had to pivot and devise different ways of feeding the hungry. We are writing to let you know that through a collaboration with multiple trusted partners including the Huntington Manor Fire Department, the Helping Hands mission, Saint Hugh's parish outreach, Tri-CYA, Family Service League, the 2nd Precinct and several Project HOPE volunteers, we are providing massive amounts of food to those most in need in our community. This coming week, we will purchase and distribute more than 3000 one pound bags of rice and 3000 pounds of beans right in the heart of Huntington Station which has been hit very hard by the pandemic. We are also in the process of sourcing 1000 dozen eggs in the same way. In addition, we are providing simple healthy bean-based meals and hard-boiled eggs to several organizations distributing food in the community.

With so very many people sick and out of work, it is likely that the demand will be great in the coming months for us to continue this service. We need support to do so. Therefore, if you are able, please help by donating through the following: Project HOPE website, this direct link [Special Donation for Project HOPE](#), or by mailing your donation to:

Project HOPE  
St. Hugh of Lincoln R.C. Church  
21 East Ninth Street  
Huntington Station, NY 11746

Please continue to pray with your families for the sick, the dying, all the courageous heroes on the front lines caring for them and those supporting those heroes. May God bless you and your loved ones and keep you safe and well!

Dan Diviney  
Project HOPE Director
